

SCC42

SEALINE

SHARE THE ADVENTURE

The new SC42 embodies one simple principle – to deliver more

A bold, innovative sports cruiser, the SC42 has been carefully crafted to offer more social space than any other cruiser of its size. It comfortably dines 10. Provides permanent sleeping for five and an occasional double berth in the saloon. And includes all the flexibility you could ever need.

The perfect family escape, or a favourite getaway with friends, the SC42 is ready to help you make the most of every adventure.

Premium space

At the rear the flexible seats slide together to create dining for 10 or alternatively, two separate tables. A few simple changes later and the very same space is transformed into a rear or forward-facing sunbathing area. The result is a whole new space that allows those on-board to enjoy the sun and sea next to the hi-lo private bathing platform, or watch a film and socialise with others in the cockpit.

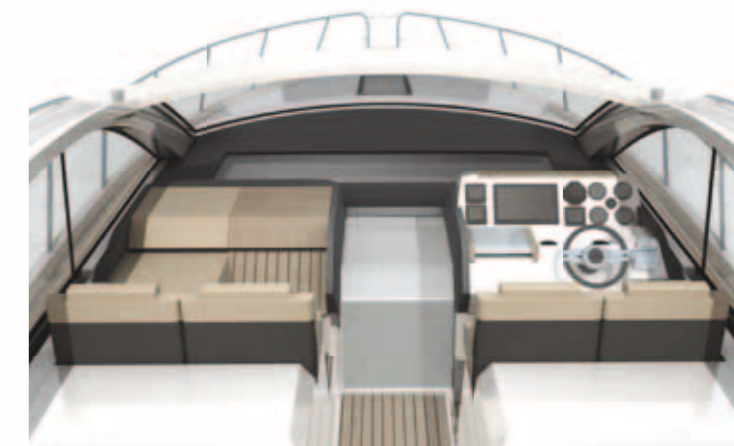

Unique weather and sun protection

Once in the cockpit, the SC42 makes full use of space. The cockpit takes advantage of the full beam width for seating and entertaining, while at the helm you'll find four wide forward-facing seats, a fully integrated dashboard, a wet bar and a foldaway TV behind the seats. Ample stowage space ensures that there is room for all your essentials.

Perfect for outdoor living, the SC42 opens up to allow the sun and breeze to stream in. And when it's time to take a cool break in the shade, a unique full-length, electric soft-top convertible roof system can be deployed in seconds.

True living quarters

To really appreciate how much space has been created within the SC42, you simply need to enter the living quarters. A beautifully styled saloon offers space for six to dine in comfort and converts easily into a double berth. While the galley, with its full height fridge freezer and over 2.5 metres of worktop delivers enough workspace for the most demanding of cooks.

A sports cruiser that offers more social space than any other cruiser of its size.

ENGINE OPTIONS

Standard engine options	2 X Volvo Penta D6 330 DPH – 660bhp total
Engine option upgrade	2 X Volvo Penta D6 370 DPH – 740bhp total

Relax in style

When it's time to retire, everyone is guaranteed a comfortable time. A luxurious forward master cabin offers double wardrobes, a large separate shower and toilet compartment, while family or friends can relax in a flexible three-berth mid cabin that offers five different sleeping options, a large wardrobe and TV / audio centre. An en suite shower area and toilet completes the guest layout and ensures that everyone has everything they need easy to hand.
